

the most interesting geek shop of **ELECTRONICS**

The screenshot shows the MikroElektronika online store interface. At the top, there's a navigation bar with 'Products', 'PIC@ Solution', 'Store', 'Distributors', 'Libstock', and 'Contact Us'. A search bar is on the right. Below the navigation, there's a 'New products in store' section featuring five items: PIC clicker (\$19.00), Color click (\$15.00), STM32F3 Discovery Shield (\$29.00), FRAM click (\$15.00), and STM32F4 Discovery Shield (\$29.00). Each item has an 'add to cart' button. Below this is an 'Online Store' section with a search bar and a grid of products: EasyPIC v7 Development System (\$149.00), mikroProg for PIC, dsPIC and PIC32 (\$99.00), mikromedia for PIC32 (\$99.00), Easy Start 3 Kit - PIC (\$405.00), EasyMx PRO™ v7 for STM32 (\$169.00), and EasyPIC Fusion v7 with PIC32MX795F512L Bundle (\$199.00). A left sidebar contains a search bar, category filters (Products, Components), and sections for 'New Products', 'Top Sellers', 'Most Popular', 'PIC solution', and 'dsPIC and PIC24 solution'.

Turn your ideas into useful gadgets with the help of our development tools. We have everything you need for your project: microcontrollers, development boards, programmers, books, add-on-boards, compilers and a lot more. Put them in your cart, checkout in one easy step, and within a few days you will receive the package at your doorstep. Pay with your credit card or bank transfer.
